We've only just begun
to live,
white lace and promises,
a kiss
for luck and we're on our way.

And yes, we've just begun.
Sharing horizons
that are new to us,
watching the signs along the way
talking it over
just the two of us, working together
day to day . . .

We've only just begun.

PRINCIPAL'S MESSAGE

The theme of PLAZA 1979, "We've only just begun" has all the vigor, vitality, and vibrancy of our youth today. There's an optimism to this theme that makes us, your teachers, your parents, your leaders sit up and take notice. Yes, you've only just begun to emerge from a semi-dependency to having to stand on your own two feet, from a narrow, comfortable, familiar way of life to the broader spheres of the world "out there", from being directed and assisted in making decisions to having to choose for yourselves. And this is what graduation means - going from one level to another, but gradually, not precipitously. And this is what commencement means - beginning another phase of your life!

During your years at Long Island City High School, you didn't just pass through; you participated, you learned, you absorbed, you made friends, you grew in many different ways. No one says that a high school education is the end of learning since the experience you acquired here is a base for further learning. While you were here, you learned in many other areas than the formal classroom. Many of you joined clubs or teams, performed in plays or musical events, attended dances and games, worked on school publications and participated in the extra-curricular life of the school.

These are unforgettable years, as some of you begin to realize when June arrives and leaving L.I.C. is imminent. Many of you are tearful as you sign yearbooks, and you're reluctant to leave us, somewhat fearful and hesitant of what lies before you. But remember that you've "only just begun," and that "the best is yet to be."

My best wishes to you in the years ahead for a happy, fruitful, and productive life.

Laura Goldner

33 The Plaza Staff of 1979 would like to give special thanks to Mrs.
34 Goldner our principal, and Mr. Anzelowitz our faculty advisor. Without
35 the guidance, patience, and creativity of these two respected individuals,
37 we the graduating class of '79 would not have had the opportunity to
record our high school memories in the style we have presented.

40 We would also like to thank Mr. Schiffman, of the Taylor Yearbook
42 Publishing Company, who has helped us in conquering layouts, dead-
43 lines and Seymour.

44 And to the Plaza staff the pleasing motto: "Aren't Deadlines Fun?"

The Thrills of Senior Year

Walking into Hygiene before a test
that no one ever studies for
and just "happening to find" some
answers written on the desk.

Studying human sexuality in Adv.
Bio. and sitting next to the most
excitable boy in the school.

Feeling better for some "strange
reason", after leaving the bathroom
in the basement.

Buying tickets for the prom
and finding out the girl is going
with someone else.

Looking for a friend with an
extra fake I.D. to use during
the weekend.

Throwing my bus pass out the
window to some dummy who
forgot his.

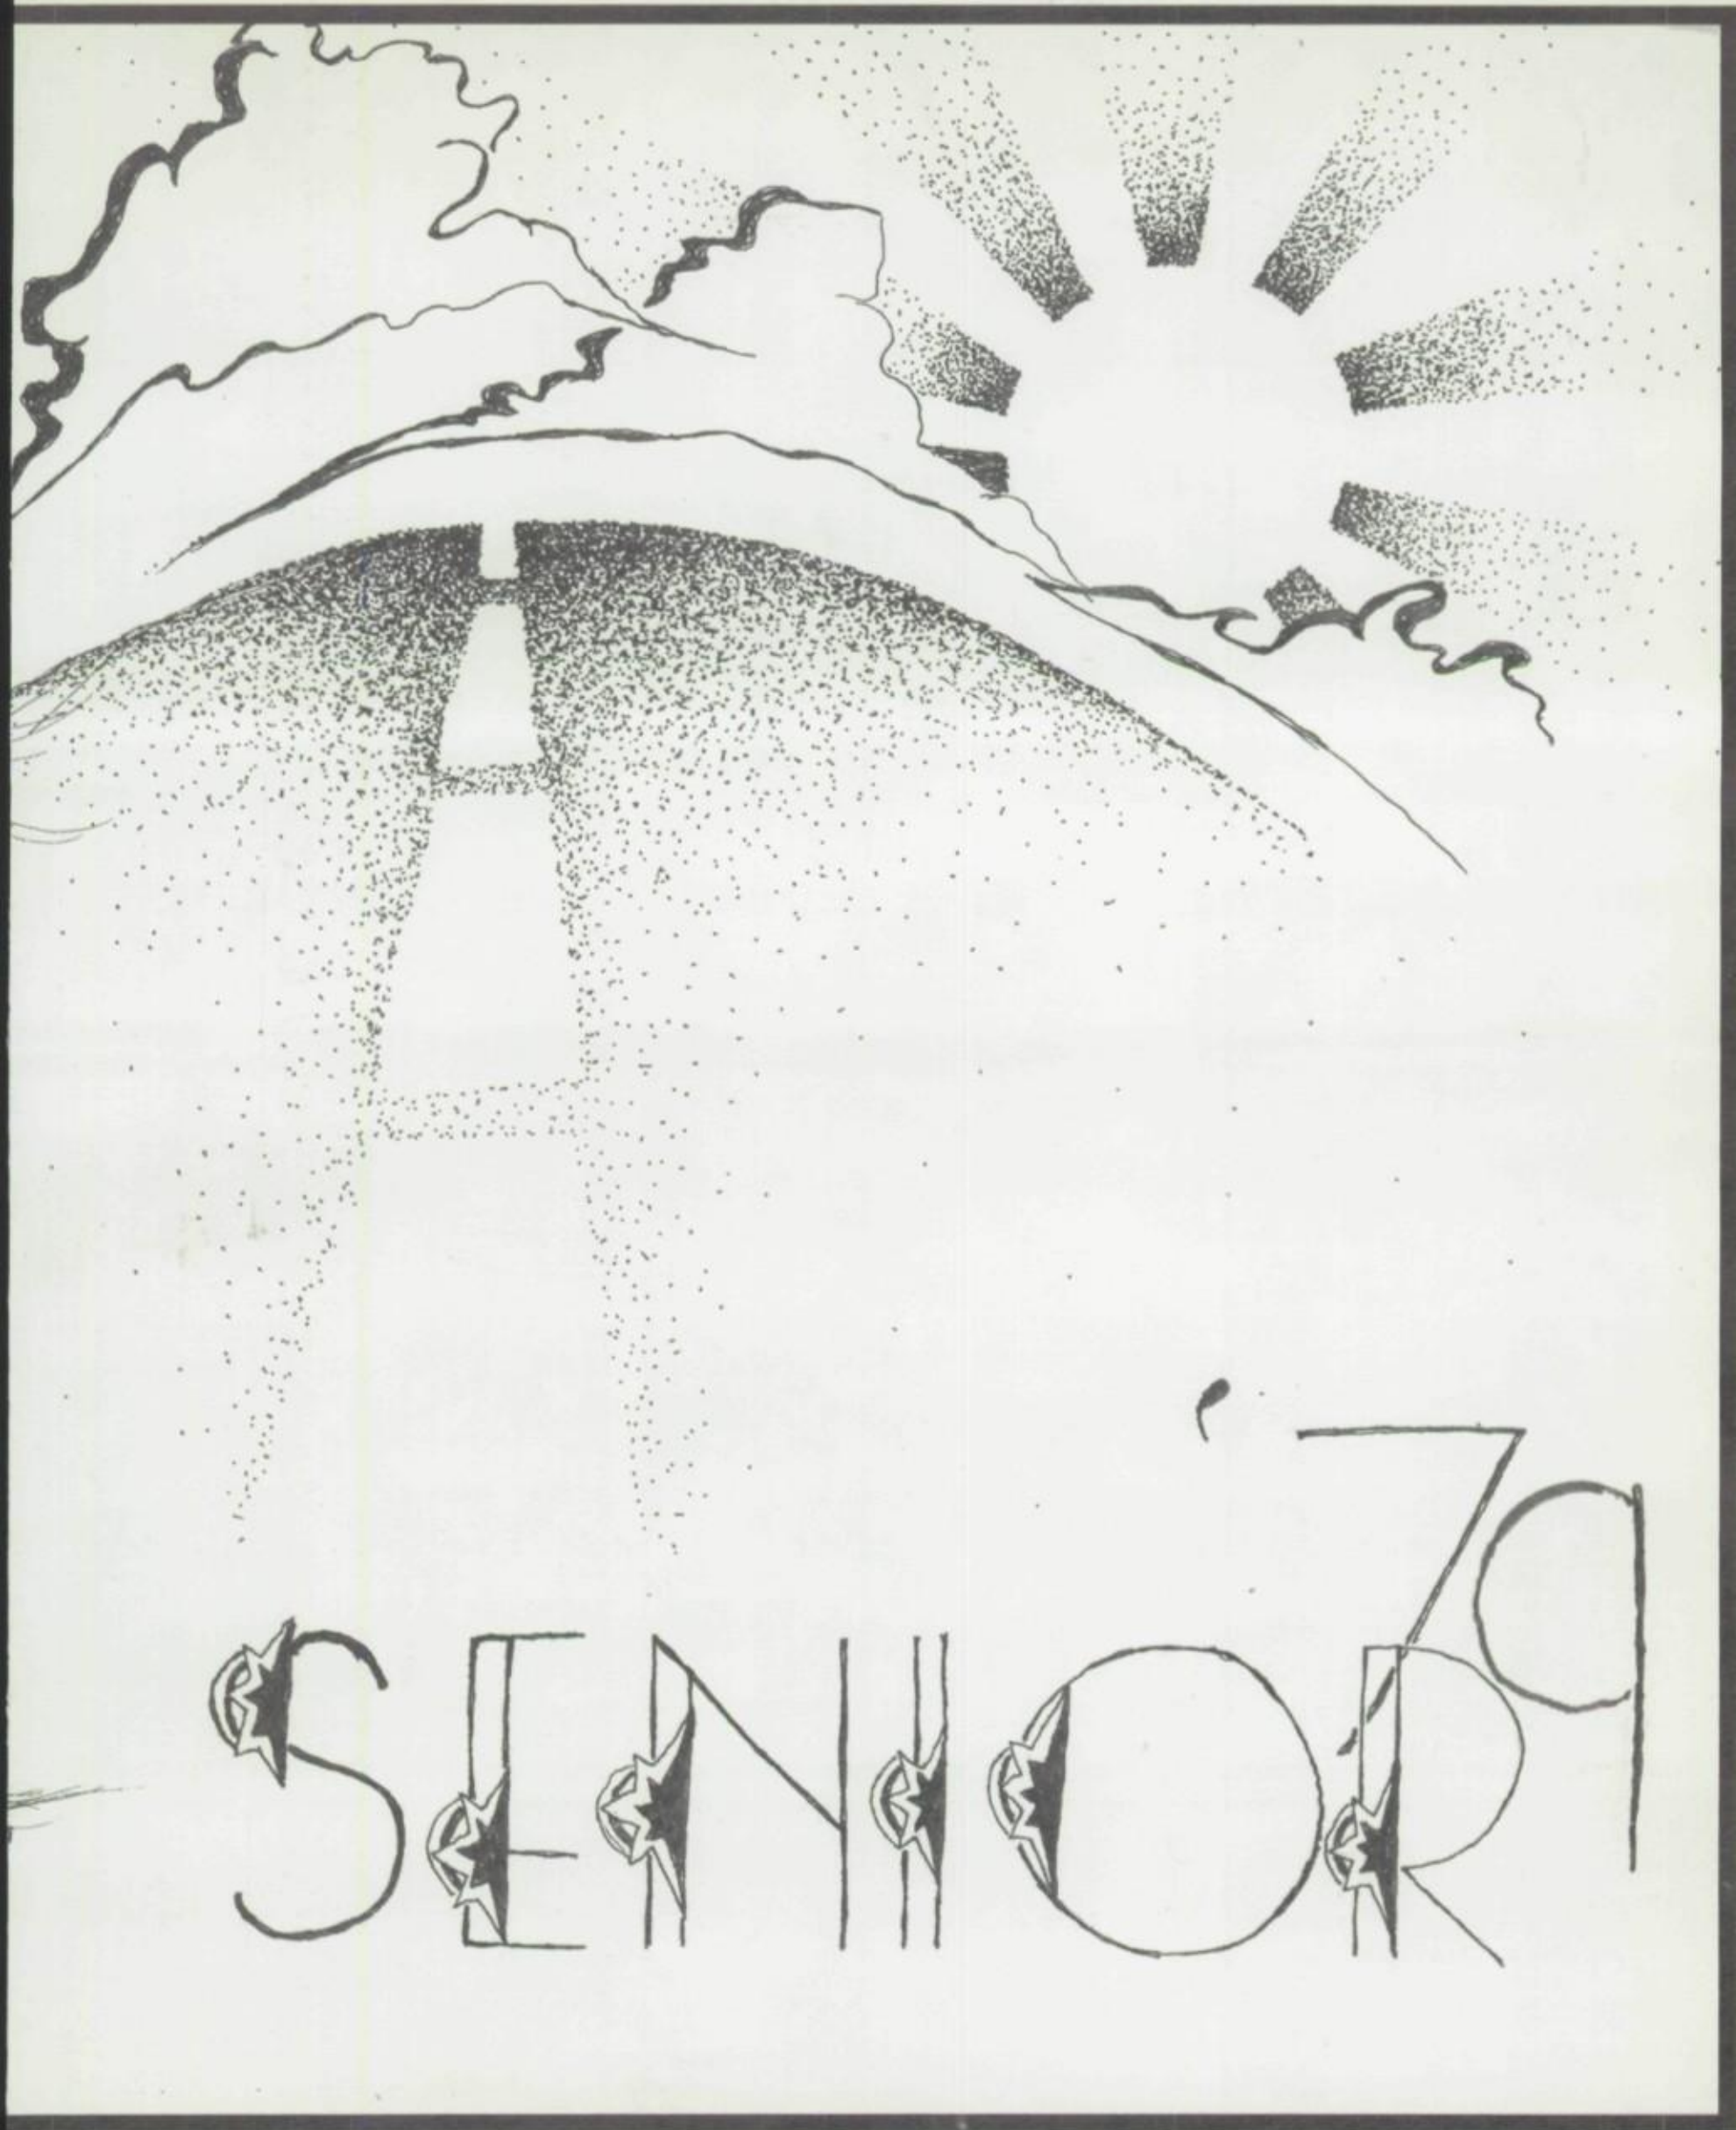

Wondering why some kids
kept covering their ears
whenever the band played.

Getting up Saturday morning at
six and getting ready for school.

Thinking up excuses for not
doing your home-work.

Dissecting a frog in bio. and
trying not to get sick.

Some people hang on to
one position for life. But since
I've been in the Army,
I've had several careers.
Let me tell you about
the opportunities first-hand."

Law Enforcement, Carpentry, Food Service . . . there are hundreds of different skills you can learn in today's army. If you qualify, you can start right off earning good pay in a field that could support you the rest of your life. The Army will give you all the training you need. And then, the better you get, the more they'll pay you. Plus, you get to live in places you might not ever even see if you held a regular job; and you don't have to worry about the price of food, doctor bills, rent and all that. After your obligation is over, you can go out and earn a living doing what you've learned. Or, like me, you can stay right in the Army and earn a nice living learning something new.

Join the People Who've Joined the Army

Call Me!

As simple an act
as opening the eyes.
Merely coming into
things by degrees.

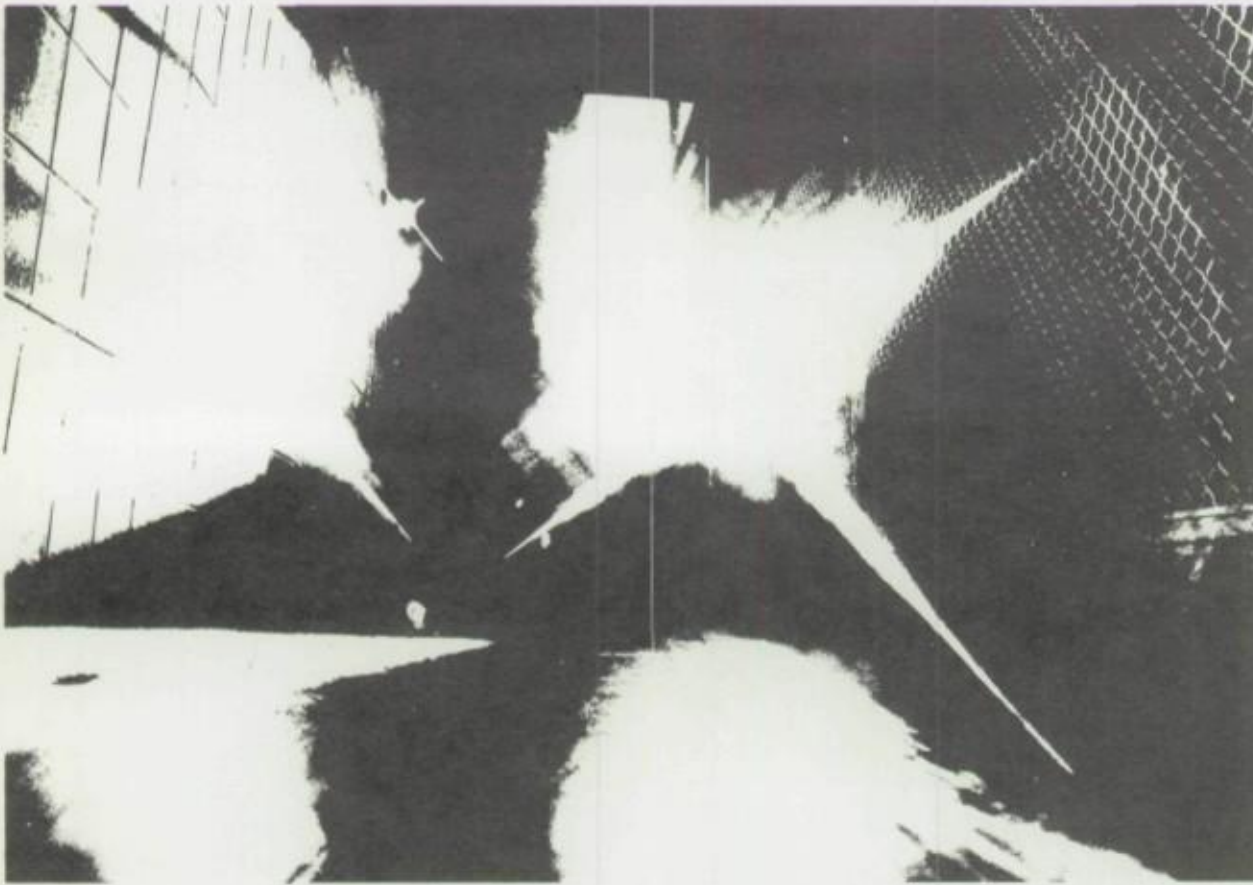

Leroi Jones

The year's at the spring
 The day's at the morn;
 Morning's at seven;
 The hillside's dew-pearled;
 The lark's on the wing;
 The snail's on the thorn:
 God's in his Heaven —
 All's right with the world!

Robert Browning

I am being driven forward
 Into an unknown land
 The pass grows steeper,
 The air colder and sharper
 A wind from my unknown goal
 Stirs the strings
 Of expectation

Still the question:
 Shall I ever get there?
 There where life resounds
 A clear pure note
 In the silence.

Dag Hammarskjöld

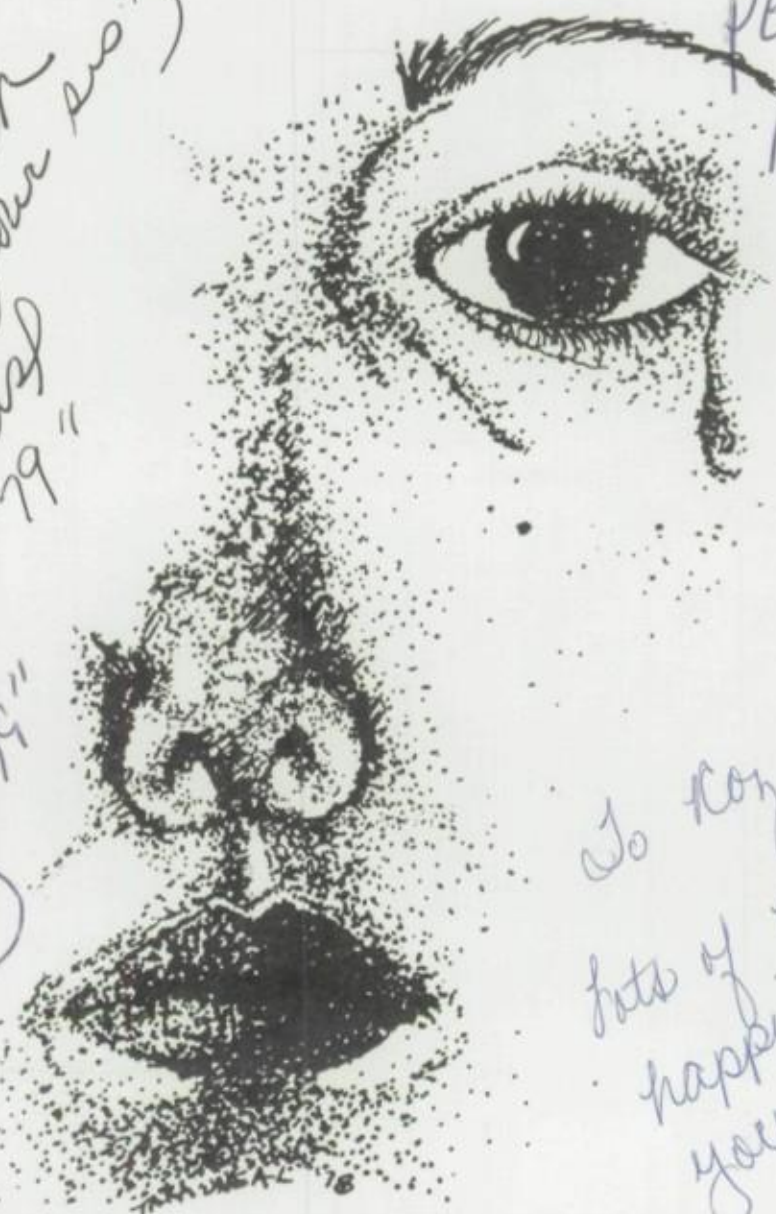

Never measure the height of a mountain, until
you have reached the top. Then you will see how
low it was.
